

“A step further” in the country of world records

Forex online market is becoming more and more popular not only in the Middle East. The reason are obvious: High liquid Market, with 24 hours access around the world plus an opportunity of leverage. Not only for speculations but also for business which depend on hedging their currency exposure, sophisticated online market platforms, becoming more and more important.

We at Advised Trading see a high growing potential in the Middle East region and forecast that the region will became more powerful in the next five years. In respect to this view, Advised Trading offers an unique high quality trading conditions and services to private and institutional clients to fulfill the needs of growing investors via our high end trading platform ATP.

When we started with Advised Trading in 2005 we wanted something really new for our client. No slippage, fast and excellent execution and tailor made account services, that is what our demanding institutional clients would really like, said Mr. M. Ozen the General Manager of Advised Trading.

Advised Trading Platform is a well designed and top natch online trading platform to meet the unrivaled needs of our clients with a high efficiency and in a user-friendly way under any market conditions. Advised Trading Platform has proven it self a fully secure and robust platform by ensuring maximum of stability and minimum downtime even under the heaviest marketconditions.

The United Arab Emirates and Advised Trading share the same vision of development . In fact our objective is to be always “ a step further” in the market, to provide a service of top quality and pioneered developments.
