

About Cognotec

Cognotec is a global provider of leading-edge FX trading and connectivity solutions that enable financial institutions to deliver customised, real-time, electronic trading services to their clients. With over 15 years' experience of working with over 90 financial institutions in 26 countries, Cognotec continues to deliver technologically advanced, award winning products and services that anticipate and respond to the evolving needs of the FX market. Cognotec's solutions are used by a quarter of tier one financial institutions across the globe.

In addition to its Dublin-based headquarters and development centre, Cognotec also offers consultative and customer services from its regional offices located in London, New York, Singapore, Tokyo and Chennai.
