

E-Money Power with EMPfx Soukalmal

E-Money Power with EMPfx Soukalmal, the co-sponsor of the 2nd Middle East Forex Expo leading stock and currency trading academy and brokerage house decided to point out its new Trading Software "Global Trader" with its advanced yet easy to use platform, clients will have access to Forex, Metals and Crude Oil trading.

Mr. Ziad Melhem, E-Money Power Regional Manager, expects this revolutionary software to have a great impact in the Middle East and the Arab world.

Our powerful and easy-to-use software, secure trading environment, and superior trading conditions have made EMPfx one of the Leading Forex Dealers. The EMPfx Trading Software known as "Global Trader" software sets a new standard in online trading functionality, performance, and ease of use.

Clients can trade 33 currency pairs, as well as gold, silver, stock market indices, and crude oil. Other advantages include instant online fills, free charts, real-time profit and equity tracking, fractional lot size capabilities, hedging capabilities, and 0.5% margin requirements.

Meet our staff there, we will be glad to meet you personally, because we believe that this Middle East Forex Trading Expo is aimed at taking traders to a higher level of awareness and education so they will be able to trade with our State of art trading platform and generate more profits.
