

BUSINESS SMILE!

Forex trading issues to be probed

■ Ms Tayar

By ARTHUR MACDONALD

MANAMA: The Third Middle East Forex Trading Expo and Conference opens today at the Crowne Plaza Hotel.

Organisers said they have chosen Bahrain as the venue because it is the freest economy in the Arab world.

"We have carefully selected the kingdom of Bahrain for its world-class infrastructure, for

being the leading financial market in the Gulf, the first country in the region to sign a free trade agreement, being the best regulated market, a relaxed visitors visa procedure, the freest economy in the Arab world and many more attractive aspects," said Arabcom Group founder and president Katia Tayar.

Forum on financial awareness set

MANAMA: Orion Brokers DMCC is organising a seminar on technical analysis of various financial instruments, mainly Forex in Bahrain tomorrow.

It is being held at the Crowne Plaza Hotel as part of the Middle East Forex Trading Expo and Conference.

The seminar will take place between 7 and 9pm.

Topics to be covered in the seminar include, technical analysis on forex, commodities and oil trading, financial instruments and international financial markets.

The two-day expo and conference is expected to welcome more than 2,000 delegates from the GCC.

The expo will bring together international foreign exchange experts and specialists together

in order to teach about various approaches and tactics, as well as how to take skills to the next level.

"It is our vision to allow people to seize their chances in investing," said Orion Brokers DMCC senior vice-president Ali Hamoudi.

■ Mr Hamoudi

"With this in mind, we are thrilled to offer this seminar in Bahrain, which provides a rare opportunity for people to gain knowledge of financial trading, with technical analysis in Arabic.

"Orion Brokers DMCC is a strong advocate of corporate social responsibility and we take it upon ourselves to help educate people and raise standards of financial awareness and skills across the Middle East and beyond."

"With the mission to stimulate business, foster education, and raise the level of awareness of investors, beginners, and interested ones, by creating a more conscious marketplace, this two-day expo and conference is aimed at addressing the issue of the growing trend of currency trading"

This event will meet the demand from traders and investors in the Middle East and the world over for educational resource on currency, investing and on the economy.

It aims to give today's traders more choices and opportunities to profit from the currency trading market's potential and its volatility and promises to enhance awareness on forex trading in the region, educate by imparting valuable and impactful insights only from the forex experts and market specialists as they conduct must attend workshops, link international forex companies, traders, brokers and investors and make known the vast opportunities within the region.
