

# Middle East Forex Trading Expo

Hosted by Arabcom Group

1-2 March 2007  
Dubai UAE

## **John Van Horst**

John Van Horst is an experienced private currency trader and co-founder of Trade Robot™. Trade Robot Limited is the leader in the development of automated (robotic) trading software for the 24-hour spot Forex markets. Mr. Van Horst has been researching and applying technical analysis to the markets since the early 80's. He has also been involved in the research and development of proprietary mechanical trading systems for his own private trading leading up to the development of the first Forex Trade Robot.
